Training and Placement Officer

Our Institute is working with a mission of empowering women and society. Placements are the most critical aspect of any professional management program. They are the final destination or the culmination of a management student's journey towards starting a career. Placement Planning is a proactive and ongoing process at JDBIMS. Strong efforts are made throughout the year to improve placement opportunities for the students. A dedicated placement team works towards building and strengthening the institute-industry relationship. The continuous success can be accredited to our faculty members and distinguished alumni whose support and trust have helped us create the leaders of tomorrow. The institute continues to work closely with the alumni to enhance its activities through interactions in academic and research programmes.

Alumnae Diaries

2021-2023

“ I am really thankful to JDBIMS for providing me this great opportunity to work with one of the great names in the market. I would like to thank all the professors for the great learning experience and special thanks to Simran ma'am for always guiding and supporting us. I have had many great experiences that will help and stay with me throughout my life.

“ As an alum of our college, I can confidently say that the education and experiences I gained during my time there have had a profound impact on my life. The rigorous coursework challenged me to think critically and creatively, while the supportive community of faculty, staff, and fellow students pushed me to be my best self. I encourage current and prospective students to take advantage of all that our college has to offer and to become an active member of the community. The opportunities and connections you make during your time there will undoubtedly have a lasting impact on your future.

“ In the 2 years spent at JankiDevi Bajaj, I got to learn from various opportunities which I found were challenging & which pushed me to move out of my comfort zone. The professors & visiting faculty have always supported me & provided great insights & knowledge which are relevant in the current industry. Because of their support I have got the opportunity of attending various intercollegiate events & seminars which has further developed my personality & skills. I also got to learn a lot from fellow classmates & friends who despite being from diverse backgrounds were always enthusiastic on learning more so that they can create their own bright future. The memories that we have created here together is something that I am always going to cherish in my future

“ JDBIMS has improved me as a person and given me more than just an MBA. This is not only a degree for me but an exciting journey because it gave me wonderful friends with whom I have spent my best times, faculty who guided me throughout. I have learned and developed many skills, I feel a confidence in me while giving speeches or organising events, and this is not only a degree for me but an exciting journey. I will be grateful to be a part of this institution and will take everything I have learned and experienced with me when I start my corporate career.
